September 9, 2014

To Whom It May Concern:

The JDRF Heartland Chapter, Omaha-Council Bluffs had the pleasure of working with Second Nature for our annual JDRF Walk to Cure Diabetes on Saturday, August 2<sup>nd</sup>, 2014. The event was held at the Lewis & Clark Landing along the Riverfront in downtown Omaha. We appreciate the service Second Nature provides; providing recycling and trash bins throughout our event space for over 4,000 participants. Second Nature serves a critical need in keeping our Walk site clean as all of our donated beverages are in plastic bottles and/or aluminum cans. We are grateful to have the opportunity to partner with Second Nature in keeping our community clean.

We thank them for their support!

Sincerely,
